I'm sending this letter to you  
In hopes that it find you well  
I wanted to say I love you and I miss you  
I pray that you sleep well tonight  
I hope you dream of me  
I'll write again tomorrow  
I'll be home soon

I'm a million miles away from you  
I can't get you off my mind  
(not that I'm trying but)  
All I want is to hold you again  
Sleep well tonight

All these miles that stand between us get shorter  
everyday  
I'm calling to say I love you and I miss you  
I can see the city skyline  
I'm not that far away  
I pull into the driveway and I see you

I'm a million miles away from you  
I can't get you off my mind  
(not that I'm trying but)  
All I want is to hold you again  
Sleep well tonight

Sleep well tonight  
Sleep well tonight  
Sleep well tonight

I'm a million miles away from you  
I can't get you off my mind  
All I want is to hold you again  
Sleep well tonight
