Bend then fade
Wither like leaves-feed a closing space
Let go of hope, bury the dreams that have died
Or carry their weight through the Never

There is no destiny-shining through the void
No... no savior to set you free
On you sail the Never

On you sail
As reverie sleeps under waves of lead
Pounding a line, knowing it leads us nowhere
We stumble away through the Never

Innocence left for dead
Holding it's hollow head
And the camera is watching you
In vain the angels beat their hollow wings
Hearing you call they sing..." the camera is watching
you"

No... There is no destiny crawling through the void
No savior will set you free
On you sail the Never

Another day... walking alone through the faceless grey
Live in the dark praying the end will be bright
Carrying stones through the Never

Innocence left for dead
Holding it's hollow head
And the camera is watching you
In vain the angels beat their hollow wings
Hearing you call they sing..." the camera is watching
you"
