Look out below  
(We might not make it tomorrow) x4

Outside it's cold, but inside I'm burning,  
My cheeks are on fire, this is all part of learning.  
I guess this is how it's supposed to be,  
Because I have learned no differently.

It's like a gravitational,  
(A good to the outside)  
To eject the reject  
(Until we're nothing more than better than)  
What they say  
(About best friends today)  
I would be caught,  
Dead in this place.

Look out below,  
We might not make it tomorrow.  
If you see my conscience let him know:  
It's a long way down,  
So you'd better look out below.

But for some reason you won't.  
For some reason you don't.  
For some reason you won't.  
For some reason you don't.

Is it even worth it?  
(Of course it is, darling)  
Late night, every night,  
(Is this all you wanted?)

So I'll trick & I'll treat until I deplete,  
And spend these Summers face down on the couch,  
but not asleep.  
So I'll trick & I'll treat until I deplete,  
And spend these Summers face down on the couch,  
but never falling asleep.

Look out below,  
We might not make it tomorrow.

If you see my conscience let him know:  
It's a long way down,  
So you'd better look out below.

But for some reason you won't.  
For some reason you don't.  
For some reason you won't.  
For some reason you don't.
