I was not taught,
To be a robot.
& listen to everything they say
Until my last chance, last chance has gone away.
& I was told,
I may age but I'll never get old,
& even when my body descends,
I'll thank God I had real friends.

So tell me again,
About when you know when,
'Cause I'm stuck in days dreaming,
Of ghosts and best friends.
But when best friends are dead,
& the day's at it's end,
I'll have these memories to keep,
As I drift off to sleep.

I've woken up,
A million times before this,
And I have to say,
I have to say that this is getting old.
And I would like it that way,
But with my eyes on the prized future,
I can't stay.

So tell me again,
About when you know when,
'Cause I'm stuck in days dreaming,
Of ghosts and best friends.
But when best friends are dead,
& the day's at it's end,
I'll have these memories to keep,
As I drift off to sleep.

Are we fighting or,
You worth fighting for?
Are we fighting for... (ugh)
My best friends were worth fighting for!

So tell me again,
About when you know when,

'Cause I'm stuck in days dreaming,
Of ghosts and best friends.
But when best friends are dead,
& the day's at it's end,
I'll have these memories to keep,
As I drift off to sleep.

I'll ask the questions!
You'd better answer!
This has gone!
Way too far!

Hey you, don't forget where you came from.
You wont have a choice.
Cause I'll be staring you in the face
From up here.

Break some news and break my heart,
Cause I'm, stuck in the middle, stuck in this cycle.

Congratulations, Happy Birthday, I hope you know,
That I still hate you.

I'll be staring you in the face from up here.
