

Overcast "Filter Of Syntax"

Visit "[Filter Of Syntax](#)" on MotoLyrics.com

Wading in the midst of this singularity
Universe condensed to the size of a wave
Alien thoughts invade my mind, focus attention then
denied
Opiate dream soon realized and I am left half stranded

Wading in the midst of this singularity
Inspiration and expression in union as one
Children rally round Jah's fire, destroy Babylon desire
Scrape away the city lies, nature only masks the divine

Purging despair through a filter of syntax
Bridge to Zion built with the words of the righteous

But I will transcend
I will exceed
I will transcend
I will succeed
I will transcend
I will exceed
You will not deny me
