Once upon a time, there was a king who
Loved himself so much that he could not bear
Anyone different from him. this is what he used to say:

First I'll talk about the blacks ? Inferior race
They don't need to have rights or chances
Spit on the Latins - Aliens go home!
Banish all impurity
Now let's talk about the gays
Spreading that AIDS
I'll root out abnormality
Look at the filthy whores selling indecent love,
Shame of society

[Chorus:]

I gotta purify the humanity
I'm gonna save the world from this weakness
From this sickness
In the name of evolution
I can't stand any imprudence
Difference and any kind of divergence

Burn the Jews and their faith
Conspiring to take control of all the human race
Die the crippled ones - Die the old ones
Die all the useless

At last the third world is dead
They can't use their heads
Let's steal their work - Wealth - Minds - Their souls
I'll sterilize all the freaks
I must clean the trashy streets

[Chorus]

First I'll talk about the gays, the aliens and the whores
They don't need to have rights or chances
Look at the third world - Look at the Latins
Shame of society
Now let's talk about the blacks,
The crippled, and the old

Bring me their work - Wealth - Minds - and souls
I'll sterilize all the Jews alive - I must clean humanity

[Chorus]

Kill the red skins ? Kill the black eyed
Kill the long haired ? Kill all the junkies
Kill the left handed ? Kill the ugly ones
Kill the southerners ? Kill all the witches
Exterminate impotence - Eliminate difference
Eradicate insolence - Extirpate divergence

Kill the percussion - Kill the guitars ? Kill the drums- Kill
the bass

"What makes people noble are their actions and not
their color, nationality, religion, sex, money, age,
appearance, social class, language, dress, "O
tamanho do seu pau..."
