Mistakes and lies
Wake up before it's too late
Fight the peace
Fight for more

Don't stay away
React and get your rage back
You must try
Or lose pride

Slavery... Lunacy...

[Chorus:]
Defeat conformity
Complaisance, stronger than your hatred
Reach for your rights
Confined forget about your defeats
Conformity, complaisance
Much stronger than your hatred
Reach for your rights

You're tired and sick
How long can you stand this apathy?
Scream for more

Stop now and think
How far gone things are going
Get some faith
Break the chains

Slavery... Lunacy...

[Chorus]

You stupid fool
Stop being grateful for nothing
Nameless man
Know your truth
You're still a slave
Just feel the pain of living
Why rival your own self

Slavery... Lunacy...

[Chorus]
