Many times I felt defeated
Many times I felt alone
These words I will remember
Be still and know you are God

These words of fire
Burn in my heart
Never to leave me
No reserves!

My life I give up
I'm not my own
My will has broken
No retreats! No regrets!

No retreats!

These words of fire
Burn in my heart
Never to leave me
No reserves!

My life I give up
I'm not my own
My will has broken
No retreats! No regrets!

No regrets!

No reserves! No retreats! No regrets!

Came to serve, not to be served
This world received Him not
My life in service, to your will
I am not my own, not my own!

No reserves! No retreats! No regrets!

No regrets!
