He made them believers
With mighty promises
And headed for a no return crusade
Towards the sun he went
Bare feet and preaching hands
He took faith from the sinners
Also took sins from the saints

But he couldn't let 'em down
Cause he made them all believers
Following him a crowd
Praying for their supreme leader

He crossed deserts and wasted plains
Faced sickness and pain
His scary eyes draw a picture of the insane
War and hate, beloved fate
No mercy for this race
How could he be the healer
When his people were the shame

But he couldn't let 'em down
Cause he made them hard believers
Following him a crowd
Waiting for the final healing

[Chorus:]
The promises have failed
Last hope has fade away
His healing words became a lie
And they will make him pay
For the sins, for all they've made
A fallen angel will be crucified

But he couldn't let 'em down
'Cause he made them blind believers
Following him a crowd claiming for the
Promised healing

[Chorus]

The healer came

The healer failed
But he's the only one to blame
On a stream of shame
He washed his hands
And left them for the judgment day
