When we are young
And comes the time for us
To choose a way
It's so hard it seems we are blind
Even though we see the light of day
And the shadows of the night

[2nd Part:]
Don't care
If they point a finger on you
Stand tall
You're someone you're no fool
Just need to believe in you

[Chorus:]
Your way
Always try to do things your way
Your way
Just don't matter what they will say

Dreaming alone
You feel your heart has
Something to say
It holds the key that could
Unlock the door
And show you how to build your true fate
And the mission you've lived for

[2nd Part]
[Chorus]

My way
I've always try to do things
My way
Just don't matter what they will say

When we are wrong
And comes the time for us
To choose a way
It's so hard it seems

We are blind

Even though we see the light of the day
And the shadows of the night

[2nd Part]
