Verse:

I wanted You to know my heart  
You saw right through it  
I wanted You to know my heart  
You reached to the depths of it  
You look past all I've ever been  
And see what I want to be  
You look past all I was back when  
You weren't a part of me

Chorus:

This is how You want it to be  
This is our chance to be free  
You and I together we'll see  
This is our chance to be free

Verse:

Love comes in from every direction  
Your at the start of it  
Change my life at your discretion  
Your at the heart of it  
You look past all I've ever been  
And see what I want to be  
You look past all I was back when  
You weren't a part of me

Bridge:

I feel like You wanted to take  
Everything away from me  
So I'd feel like, I feel like  
I feel like, I feel like You.
