Verse:

The day's almost through
Can't wait till the end of it
I'll be home soon
Sleep wake up and start again
Cant take anymore
Lord I need you now
Can't take much more
You life me up again

Chorus:

I feel fine
Now you're here
Safe inside
Your care

Verse:

This life is through
Can't wait till the end of it
I'll be home soon
Sleep wake up and start again
Can't wait anymore
Lord I need You now
Can't wait much more
You give me life again
