I woke up this morning, my love was asleep,  
Her smell over my skin is leading me to idle  
Let me be weak  
Let us sleep  
Let us be weaker.  
I still have the dream, that I wake up crying  
My cradle is in the room, my head starts thumping.  
Let me be weaker  
Let us be weaker  
Let us.  
My face is pushing the wall  
Cause voices from the corner invite me in.  
My lungs feel like exploding,  
That's when I start howling,  
Let me be weaker  
Let us be weaker,  
Let us.  
Its all inside  
Its all uptight.
