

## Overlife "Last Millenium?"

Visit "[Last Millenium?](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Our Words Are Empty Now That We Have Learnt  
To Lie About All That's Around Our Thought.  
Maybe The Scketch Of Our Life Has Been  
Already Drawn By Our Inexpert Hands But Now We  
Wonder If We Will Have Another  
Chance To Live, Not To Learn, Just To Live.  
The Third Millennium Will Be Our Fear,  
Will Be Our Hope , Maybe Our Release.  
Last Millennium !!!! Your Eyes Are Cold  
And Look At Us With Indiference.  
Last Millennium !!!! Pray For Me  
I Feel Alone In A Bloody End.  
Our Days Have Became Nights, Our Life Is Death  
Our Mind Controlls The Feelings Of Our Heart

Maybe There Is A Light That I Can't See  
Maybe There Is A Future To Our Dreams  
But Now We Know We're Lost In This Blue Cold  
We Want To Rise , Not To Fall, Just To Love  
The Third Millennium Will Be Our Cold  
Will Be Our Hot , Maybe Our Release.  
[Chorus]  
My Life's In Your Hands  
I Want To Think I'm Free  
My Heart Is Heavy But It's So Hard  
I Drink The Water That Melts Under My Eyes Puente  
My Shadow's Playing With Death Tonight  
So Last Millennium Set Me Free.  
[Chorus]
