The dark falls like a curtain
The landscape cold and lonely
As I stand before it
I cannot speak and I feel as if I can't go on

Scream my name
Someone screamed my name
Have I gone insane?
Am I insane?

Blackness!
Lost in the wasteland
Blackness!
I'm lost in this wasteland

With blackness I am one now
Deception my best friend
I move on past the tower
I'll take your life in the blink of an eye and move on

Go insane
You all shall go insane
Feel the pain
You all shall feel my pain

Blackness!
Lost in the wasteland
Blackness!
I'm lost in this wasteland

[Guitar Solo]

Freedom is in sight now
Escape, soon I'm free!
The power seethes within now
I'll break the curse and set free all who have been
enslaved

Silent screams
Bloody silent screams
Destroy the enemy
Destroy my enemies

Blackness!
Lost in the wasteland
Blackness!
I'm lost in this wasteland

Blackness! [x8]
