

Overlorde "Ogre Wizard"

In a forest dark and dreary stands a castle of brick and stone

And within the Wizard and his Ogres plan their wicked chores

In the town the people hide to save their meager, little lives

For they fear the mighty Wizard and his Ogres rough and dry

Run, oh run, you little people The Wizard's band arrive
Run, oh run, you little people The Ogres do arrive

"There is little you can do
But not unlike the bird that flew
You can do it, you can try
Or the Wizard says you die"

Down the pass from mountain high through the forest,
battle cries
Ogres, Ogres everywhere the stench of war hangs in
the air
The people flee, the children hide none to stand, to
fight, to die
The Wizard's strength is much indeed, the people know
his word to heed.

Run, oh run, you little people The Wizard's band arrive
Run, oh run, you little people The Ogres do arrive

"There is little you can do
But not unlike the bird that flew
You can do it, you can try
Or the Wizard says you die"
