I listen to your album

And I watched your favorite film

Hey hey hey I missed you today

I let those early letters I fulfilled with early dreams

Some of them materialised

Others never seen

We used to watch the world walkin by

The truth is you're not here , here I am

I'm screwed up again

No matter what which way I turn

How my feelings slowly bleeding here for you

I'm spending time with hope

And I don't know why it is

It's just the way it is

[Chorus]

What am I to say ?

What am I to do ?

What am I alone without you !!

What am I to say ?

What am I to do ?

What am I alone without you !!

You made your favorite dinner

And I wore the shirt you love

Hey hey hey just in case you came

Friends still ask about you

When I say you're just fine

And have you seen the world walking by ?

The truth is you're not here , here I am

I'm screwed up again

No matter what which way I turn

how my feelings slowly bleeding here for you

I'm spending time with hope

And I don't know why it is

It's just the way it is

[Chorus]

What am I to say ?

What am I to do ?

What am I alone without you !!

What am I to say ?

What am I to do ?

What am I alone without you !!

The truth is you're not here

And I'm screwed up again

And I don't know the reason why

I don't know why it is

And will I ever say...I just need your love

I want you back again

I want you back again !!

You said that this isn't yet a time

So give me time

To get you back again

[Chorus]

What am I to say ?

What am I to do ?

What am I alone without you !!

What am I to say ?

What am I to do ?

What am I alone without you !!

For you when i fall outta bed in the mornin

Still checkin the mirror as i'm leavin

Sit in the car without drivin

I want you back again !!

[Chorus Fades]

What am I to say ?

What am I to do ?

What am I alone without you !!

What am I to say ?

What am I to do ?

What am I alone without you !!
