Today I feel a change
In the way you look at me
And all I have to say
Is I like it
Today I see a change
In your glowing loving chestnut eyes
And all that I can say
Is that I feel it
You are everything to me
You are everything I need
My love, and so much more than that
My love, and so much more, so much more
Today I hear a change
In your gentle whispering singing voice
And all I have to say
Is keep talking
Today I felt a change
As your hands they toughed the soul of me
And all I have to say
Is keep toughing
You make this world for me
You are all that I could be
I never knew, what love was all about until I started
looking at you
No one ever tried to tell or show mw
So I finally figured it out for myself
That what you need
Is someone who without you can't breathe
How I wish that I could be like you
How I wish that I could feel like you
How I hope that I touch you like you
How I hope
