Visit "[Up In The Air](#)" on [MotoLyrics.com](http://MotoLyrics.com)

owesdy is back again on this heated track  
gonna bring the light front and take darkness back  
starting with, the money is infinity  
ask ma goonz and they gonna tell you what i mean  
i there's any body that tranna be close to me  
then you gotta know it's the second owesdy  
cause balling ain't no big deal, its a daily job  
so if you're afraid of me then go call the cops  
and if you think this is a real lie  
call some of your niggaz to come and testify  
by looking straight into ma eyes  
they gonna see the burning flames passing by

### CHORUS:

throw the money up in tha air  
catch em stones up in tha air  
celebrate up in tha air  
see the chedar up in tha air  
we so fly up in tha air  
fly as the sky up in tha air  
spend the doe up in tha air(x2)

### VERSE2:

right now, look up and see the weather  
it change, because of too many chedar  
i'm soo hood i feel good when the bitches move  
when i spit ma lines, all niggas move  
aint like some niggas who say out fabrigations  
i speak da truth and show it in demonstration  
i live in the air yea that's my only home  
where i get everything and archieve some goals  
every day i just keep on diggin em holes  
that's why my money so much, i count them i moles  
that is why i need no competition  
with no one, defeating them is ma obligation  
i ask ma self, when will all this be over  
a mind replies me telling me never  
cause i know no body can beat the record  
until i decide to sell all my effort
