That blonde, she's a bomb, she's an atom bomb
Rigged up and ready to drop
The bad news: I'm a fuse and I've met my match
So stand back it's about to go off

That vixen, she's a master of disguise
I see danger when I look in her eyes
She's so foxy, she could lead to my demise,
So I'm running 'cause I've run out of time

She's a bombshell blonde, wired up to detonate
I'm James Bond, live to die another day
Bombshell blonde, high explosive dynamite
She's all I want, so I, I'm on a mission tonight

(I, I'm on a mission tonight)

Her love is a drug laced with ecstasy
And her charm is spiked with a spell
A hot mess in a dress gets the best of me,
She's ice cold but she's making me melt

That vixen, she's a master of disguise
I see danger when I look in her eyes
She's so foxy, she could lead to my demise,
So I'm running 'cause I've run out of time

She's a bombshell blonde, wired up to detonate
I'm James Bond, live to die another day
Bombshell blonde, high explosive dynamite
She's all I want, so I, I'm on a mission tonight
