LIGHTS: Da, da, da, da, da, da
Da, da, da, da, da, da

ADAM:

My rock candy passion is bitter sweet,
And onto the teeth,
'Cause she would rather fall in chocolate than in love,
Especially with me.

I stood under the waterfall,
With a kiwi-pineapple parasol
As Cinderella dropped the crystal ball,
And made a concrete cavern of caterpillar concert hall.

ADAM: I wish that we could sail our sad days away,
forever,
In deep blue seas of paper mache.

LIGHTS: Let's dance in the moonlight

ADAM: A barracuda chased our dog days away,
forever.

Let's sink or swim till we fall in love.

LIGHTS: Let's dance in the moonlight

ADAM: When we joined the yacht club

I would rather go swimming with great white sharks,
Then wade in romance,
'Cause I can never find the courage
to ask her to dinner, or even to dance.

(LIGHTS: Let's dance in the moonlight)

Don't sweat under your overcoat,
'Cause my heart can't harbor this paddle boat.
You'll hit the bottom of the highest note
And the chatty little tree frogs will never want to leave
your throat

ADAM: I wish that we could sail our sad days away,
forever,
In deep blue seas of paper mache.

LIGHTS: Let's dance in the moonlight

ADAM: A barracuda chased our dog days away,

forever.

Let's sink or swim till we fall in love.

LIGHTS: Let's dance in the moonlight

ADAM: When we joined the yacht club

LIGHTS: Let go of the world you know,

And plug in the party lights

ADAM: Soak up your cares in the solar flares

That light up these island nights

LIGHTS: Orange eclipse, I can taste your lips

In the citrus afternoon

ADAM: If you can fly, don't stop at the sky,

'Cause there's footprints on the moon

ADAM: I wish that we could sail our sad days away,

forever,

In deep blue seas of paper mache.

LIGHTS: Let's dance in the moonlight

ADAM: A barracuda chased our dog days away,

forever.

Let's sink or swim till we fall in love.

LIGHTS: Let's dance in the moonlight

ADAM: When we joined the yacht club
