i haven't been away so long but i kept you waiting . i
haven't been away so long seems some things have
changed.but bad habits still make best friends. aren't
we just like envelopes? keep i ntouch with my hand.
have you met the new guys? let's play who here would
have gone nazi? let's get it on. i'm sorry i want to die.
do you still want to die? let's get it on. let's drive to
alaska.let's drive to alaska. let's drive to alaska. it really
is a lonely life leaving and ignoring messages. all the
necklacing. let's drive to alaska. let's drive to alaska.
let's drive to alaska. oh i enjoy myself. i'm sorry i want
to die. do you still want to die? let's get it on. o don't we
all saunter innocently enoughlike, love as a battlefield
video.
