Well I know I could be just another stranger
But to you I guess I'm just another fool
And you swear you like to live your life in danger
Then you hide behind a wall of silly rules

Nobody thinks the way I do
I guess that nobody cares
Your head's so full of things
So set your mind free of them
I'm breaking the rules

Did you know that in the truth
There's nothing stranger
I suppose you think
I think I know it all

Nobody hears the things I say
I guess that nobody cares
My head's so full of things
I set my mind free of them
I'm breaking the rules

Breaking all the rules
Can't you see they're nothing without you
Empty heads full of fools
Now you see
I'm breaking all the rules
Breaking all the rules

Well I know that you would love to go to heaven
But you know that you're just too afraid to die
And I know that you would love to know the answers
But to you the truth is just another lie

Nobody hears the things I say
I guess that nobody cares
My head's so full of things
I set my mind free of them
I'm breaking the rules

Breaking all the rules
Can't you see they're nothing without you

Empty heads full of fools
Now you see
I'm breaking all the rules
Breaking all the rules

Breaking all the rules
Breaking all the rules
Breaking all the rules
