found out you're really something they talk about you, then turn your confidence against you now into nothing

grinning from the daze petrified and blazed feels good to know they care special friends simply two faced

you couldnt let go your talking got you here, tearing up everyone respect, you don't know

they say i'm jaded cause they know its true, with all those silly people on the wonder wheel

glizen from the daze purified and crazed feels good to hear them share hateful friends simply two faced

you couldnt let go your talking got you here, tearing up everyone

respect, you don't know

dont waste your fucking time let live let go dont waste your fucking time let live let go dont waste your fucking time let live let go dont waste your fucking time let live let go dont waste your fucking time let live let go dont waste your fucking time let live let go
dont waste your fucking time
let live
dont waste your fucking time
dont waste
