Fe Tish A
day Glow all of you
made for those little sick ones
Played out in super drag
Mistreat another piece of you
Pleasing you was a trick
Raping you all with a stick
arming up with more reasons to snap you out of bliss
Cut out of Aliester Fiend
your entering this machine
glaring one eye for me just a second and a chance to
see you
violated by a crowd of me
its getting bigger like you used to be.

Tell them all she wont be back
cause she needed a change,
turned away from her fears
she's been falling down

Tell them all she's gonna be gone, gone gone
just listen to me

Cause she needed the friends
She will always be
she will always be
because she needed the friends
she will always know me
She will always know me

She needed the fringe
deemed to follow the fears
before she goes
she will always know me
