There's no present there's no future
I don't even know about the past
It's all timeless and never ending
To take it in it's all too vast
It goes - forever and ever
You thought you knew but you never
There goes
Tomorrow
Journey to the centre of eternity
Journey to the centre of eternity
The time is coming but also going
And it's leaving never to return
Maybe forever it could be heaven
But if it's hell then you can watch me burn
It goes - forever and ever
You thought you knew but you never
There goes
Tomorrow
I got to travel forever
It's all within my mind
An endless path to endeavour
But forever is a long long time
There's no secrets and no corruption
In the centre of infinity
There's no limits in non-existence
And no beginning to my destiny
It goes - forever and ever
You thought you knew but you never
There goes

Tomorrow
Journey to the centre of eternity
Journey to the centre of eternity
"so tired"
Time has come to say goodbye
I know it's gonna make you cry
But you belong to another my love
And half a love that just isn't enough
I am so tired
And I just can't wait around for you
I am so tried
And I always thought we would see it through

I've waited all this time for you
Believed your promises were true
I keep believing that you mean what you say
You'll leave tomorrow - now tomorrow's today
And I often sit and wonder why
You're not with me tonight
I stayed at home remaining true
While you were out with you know ho
I am so tired
And I just can't wait around for you
I am so tried
And I always thought we would see it through
