It's in the life that we lead
Set up for money and greed
A little isn't enough
We have to use it all up
Success, excess
The truth
Is inconvenient

Oh, hang your head, pillaged
And left us for dead
You kept blind and mislead

How could you
Think nothings wrong?
You won't be
Smiling for long
When it's all gone, gone
We can never go back

Burn into the air
And atmosphere
Watching
The rain come down
Turn your head away
Ignore the fear
Watching
The ice crash down

Our father's
Justice gets closer
How could you
Screw us all over?
Rape, steal, and murder
God bless the Almighty Dollar
The Almighty Dollar

Poison the air that we breathe
Chained to industrial need
Destroy the soul that you steal
The radiation is real
Debate, too late, you built
And fueled the fire

You killed my faith
Mother earth desecrate
Deceive
The whole human race
I know you think
Nothings wrong

We won't be
Breathing' for long
When it's all gone, gone
We can never go back

Burn into the air
And atmosphere
Watching
The rain come down
Turn your head away
Ignore the fear
Watching
The ice crash down

Our father's
Justice gets closer
How could you
Fuck us all over?
Rape, steal, and murder
God bless
The Almighty Dollar
The Almighty Dollar

(Guitar)

Dead doom and disaster
The point of no return
No earthly life ever after
Is it too late to learn?

Burn into the air
And atmosphere
Watching
The rain come down
Turn your head away
Ignore the fear
Watching
The ice crash down

Our father's
Justice gets closer
How could you
Fuck us all over?

Rape, steal, and murder
God bless
The Almighty Dollar
The Almighty Dollar
