A Monday morning earthquake
Another week to back break
Keep him alive for god's sake
High and dry I wonder will he survive

A broken mirror and a stolen soul
He's an all night soldier of love
He swallowed down another fantasy pill
To give himself a push and a shove

Tonight's the night he's going to jump the moon
I hope he'll never crash and burn too soon
?
It's just the breath we borrow
Live today like there is no tomorrow

Another daylight foreigner
He's just a weekend warrior
Come Monday play like anyone
Lost and found and turned around
He only listens to the voice in his head
Can't separate the truths from the lies
A wounded creature that just won't slow down

You can tell by the look in his eyes

Tonight's the night he's going to jump the moon
I hope he'll never crash and burn too soon
?
It's just the breath we borrow
Live today like there is no tomorrow

Whoa..
He's flying high with his silver spoon
OH..
He's really gonna try to jump
jump the moon

Tonight's the night he's going to jump the moon
I hope he'll never crash and burn too soon
?
It's just the breath we borrow

Live today like there is no tomorrow
(repeat chorus)
