Overbearing woman makin' it so hard for me
Now you've laid it down for all to see
Can i ask a question, d'ya think you can take a blow
This is why i always come and go.

Now you see it, now you don't
Careful of words that get caught in your throat
Face the music, take it like a man
Givin' it to me anyway you can

Everybody's feeling everything you've got to feel
I've got something that you can conceal

Now you see it
Now you don't
Now you see it
Now you don't

Give me central heating hope that i can pay the bill

Makin' me forget my fear of hell
Must be luck in odd numbers now you face me
Upside down
I'm so far up i'm afraid to come back down
