Take me through the centuries to supersonic years Electrifying enemy is drowning in his tears All I have to give you is a love that never dies The symptom of the universe is written in your eyes

Yeah!

Mother mooch is calling me back to her silver womb Father of creation takes me from my stolen tomb Seventh night the unicorn is waiting in the skies A symptom of the universe, a love that never dies

Yeah!

Yeah!

Take my hand, my child of love come step inside my tears

Swim the magic ocean I've been crying all these years When our love will ride away into eternal skies A symptom of the universe, a love that never dies

Yeah

Yeah!

Oh my child of love's creation, come and step inside my dreams

In your eyes I see no sadness, you are all that loving means

Take my hand and we'll go riding through the sunshine from above

We'll find happiness together in the summer skies of love
