The time has come for you  
To make up your own mind (mind),  
Stop looking for the answers  
That you'll never find

Save all your tears for when you  
Really need to cry,  
Don't wish your life away,  
Just spread your wings and fly

Time waits for no one, yeah,  
It's never what it seems,  
Stop waiting for tomorrow,  
Stop living in your dreams, yeah

This life fading away,  
This life ticking like a time bomb  
Ready to blow your tortured mind

I know it's wasting away,  
We don't plan for when it goes wrong,  
The time that we lose,  
We will never find time  
(Time, time, time, time, time, time...)

Can't hide the clock  
When every line shows on your face (face),  
So take it slow,  
You'll never win the human race

Time waits for no one, yeah,  
Everything must change,  
Stop running to the future,

Stop living for today

This life fading away,  
This life ticking like a time bomb  
Ready to blow your tortured mind

I know it's wasting away,  
We don't plan for when it goes wrong,

The time that we lose,  
We will never find time

Just live every moment of each day,  
'Cause death is the price we all must pay

(This life fading away),  
This life ticking like a time bomb  
Ready to blow your tortured mind

I know it's wasting away,  
We don't plan for when it goes wrong,  
The time that we lose,  
We will never find time

This life fading away,  
This life ticking like a time bomb  
Ready to blow your tortured mind

I know it's wasting away,  
We don't plan for when it goes wrong,  
The time that we lose,  
We will never find time  
(Time, time, time, time, time, time...)
