I got a room where I can breathe  
I got a view no one else can see  
Everybody here knows just what's right for me  
Don't have to worry, the Doctor's always in  
I'm never lonely, I'm here with all my friends  
Chorus:  
In Chattahoochee, I'm not crazy  
Chattahoochee, I'm just lazy  
Chattahoochee, Found my home  
In Chattahoochee.  
Out on the outside they sweat to pay the rent  
While we play cards, they say we ain't got no sense  
They think they have a good time  
Blowin' somethin' up their nose  
Their corporate ladder can kill you it's so high  
While it's a party, here on the other side  
Chorus  
Who's to say who's crazy, It's easy to see  
All you gotta do is turn on your T.V.  
All the people on the outside tryin' to be someone else  
I'm havin' fun here just bein' myself, in Chattahoochee.  
They brought me here and said, "You're so dangerous  
to yourself"  
But I ain't the one here 'bout to blow us all to hell  
Just here to have a good time, let me know how it goes  
Don't have to worry, the Doctor's always in  
I'd rather be here with all of my friends.
