Black lights, green eyes starin' me down
The moment I walked in the room
There's this tall, dark woman who's dancin' alone
And she makes me wanna howl at the moon
Is this a dream, or is it that I've been here before?
Takin' my mind, takin' her time, takin' control, don't you know?

That deja' voodoo, New Orleans hoodoo
She's got a mojo from hell
That spell I'm under, sometimes I wonder if she's
Witch, queen, or mademoiselle
If Kamasutra's too hot to suit ya
Well, you're not her kind of man
That deja' voodoo I will if you do
It's deja' vu all over again

She takes my hand and she whispers to me
And says, "Heaven's just beyond the door"
And she lights the fire and makes it all come to me
By tomorrow I'll be down on the floor
Is it a dream, or is it that I've been here before?
Takin' my mind, takin' her time, takin' control, more
and more?

That deja' voodoo, New Orleans hoodoo
She's got a mojo from hell
That spell I'm under, sometimes I wonder if she's
Witch, queen, or mademoiselle
If Kamasutra's too hot to suit ya
Well, you're not her kind of man
That deja' voodoo I will if you do
It's deja' vu all over again

The moon takes over, desire gets stronger
The feelin's won't let me go
I run for cover, I'm so far under her spell, can't you tell?

Is this a dream, or is it that I've been here before?
Takin' my mind, takin' her time, takin' control, don't you know?

That deja' voodoo, New Orleans hoodoo
She's got a mojo from hell
That spell I'm under, sometimes I wonder if she's
Witch, queen, or mademoiselle
If Kamasutra's too hot to suit ya
Then you're not her kind of man
That deja' voodoo I will if you do
It's deja' vu all over
Deja' vu all over
Deja' vu all over again

Deja' voodoo woman
Deja' voodoo woman
Deja' voodoo woman
Deja' voodoo woman
That deja' voodoo woman
