Your bad reputation follows you around
You're tryin' to shake it, but you just can't live it down
You swear that you're tryin', you're desp'rate to
change.

Still you're aimin' for the heart ev'ry time love gets
away

And you're hittin' and runnin' out on the street
Watch out! she's hittin' and runnin',
She sees you comin' woah
Hittin' and Runnin' out on the street again

You say that you're better and your teasin' is through
But seein's believin' and I just can't say it's true
And I get this feelin' ev'ry time you're in town
If we're passin' on the street you might try to run me
down

And you're hittin' and runnin' out on the street
Watch out! she's hittin' and runnin',
She sees you comin' woah
Hittin' and Runnin' out on the street again

You'll be cryin', so tired of lyin',
So all alone in the danger zone.
You're hurt plenty, you hit so many
That soon you'll wind up alone

Hittin' and runnin' out on the street
Watch out! she's hittin' and runnin',
She sees you comin' woah
Hittin' and Runnin', out on the street again
And again and again!
