I want to tell you girl just how much I care  
Got so many memories of the good times that we've  
shared  
Been in and out of love a thousand times or more  
I must be dreaming never felt like this before

Baby you, you're one in a million  
And I can't believe your mine, gonna love you forever  
And every day that you're here with me, I'll give you the  
world  
'Cause you're one in a million girl

Once I was lonely all the nights seemed so long  
And no one to hold me until you came along  
Thought love was meant for someone else  
Was always hard to find but, oh it ain't no mystery  
It was right before my eyes

Baby you, you're one in a million  
And I can't believe your mine, wanna hold you forever  
Every day that your here with me, I'll give you the world  
'Cause you're one in a million girl

I was a drifter just a man without a meaning  
Now I've been captured by this unfamiliar feeling  
You're more than a lover, you're more than a friend  
And I do know that I need you now please don't let it  
end

I've been in and out of love a thousand times or more  
I must be dreaming never felt like this before

'Cause you, you're one in a million  
And I can't believe you're mine, gonna love you forever  
Every day that you're here with me, I'll give you the  
world  
'Cause you're one in a million girl

Oh, one in a million  
One in a million girl  
One in a million  
Give you my world

One in a million girl  
Give you girl
