Gettin' loose at the corner joint  
That's all we had to do  
I said baby, when you cross that floor  
I sense trouble in the room

And we were rough housin'  
Seemed the thing to do  
We were rough housin'  
Different points of view

Fancy free, lookin' hot and lean  
Most any man's desire  
I said baby, when you looked my way  
You know you set my blood on fire

And we were rough housin'  
On account of you  
We were rough housin'  
We were fightin' fools

Satisfaction guaranteed  
That's the kind of man I am  
I said baby, won't you pardon me  
But I hope you'll understand

'Cause we'll be rough housin'  
Seemed the thing to do  
We'll be rough housin'  
Different points of view  
Yeah, we'll be rough housin'  
On account of you  
We'll be rough housin'  
We were fightin' fools

Rough housin', rough housin'  
We'll be rough housin'  
Rough housin', rough housin', rough housin'  
We'll be rough housin'  
Rough housin', rough housin', rough housin',  
We'll be rough housin'
