I've been walkin' all night thinkin' of you  
The other lovers and all we've been through  
We're just too much alike but we're two worlds apart  
I try to hide it but you still got my heart

And I can't dream without you  
Baby, can we give it just one more try?

I wanna see me in your eyes tonight  
I wanna talk it over and hear you tell me it's alright  
Shine reflections through the early morning light  
Girl, I wanna see me in your eyes tonight

Well, I saw you today with some other man  
You're still pretending, it's all I can stand  
Pictures of you with somebody else  
It keeps me wonderin' when I'm by myself

And I can't dream without you  
Baby, can we give it just one more try?

I wanna see me in your eyes tonight  
I wanna talk it over and hear you tell me it's alright  
Shine reflections through the early morning light  
Girl, I wanna see me in your eyes tonight

It's not like it's the first time  
It might not be the last  
You told me once that it's all over  
Still I keep on running back

It's not like it's the first time  
It might not be the last  
You told me once that it's all over  
Still I keep on running back

I wanna see me in your eyes tonight  
I wanna talk it over and hear you tell me it's alright  
Shine reflections through the early morning light

I wanna see me in your eyes tonight  
I wanna hold you closer and tell you every thing's

alright  
Shine reflections through the early morning light  
Girl, I wanna see me in your eyes tonight, in your eyes  
tonight
