(Don Barnes-Danny Chauncey-Gary Moffatt)

Hey look at you now
Don't cry, pick yourself off the ground
You say you're through with love and..
It tore you down
And you tried to stay and take it somehow
Your whole life's ahead now

Don't let it get to you
There's no real reason to
Carry the weight of the world

Hey, it's not what we say
It's how we act here today
It's all in the play on the stage

Hey look at you now, you smile but I see you hurt
You can't hide that from me
You tell me you know
But that's not the way things have to go
When love breaks you down

Don't let it get to you
There's no real reason to
Carry the weight of the world

Hey, no it's not what we say
Its how we act here today
It's all in the play on the stage

Life can be so cruel
Love makes us play the fool
But there'll always be better days

Don't let it get to you
There's no real reason to
Carry the weight of the world

Hey, no it's not what we say
It's how we act here today
Cause we're all in the play on the stage
