Who am I at night when my eyes are closed tight?  
Who am I and where when I see far beyond?  
Every border, every dream, every hidden memory  
Every nightmare, truth or dare  
Who do I see

Now!  
Look at me,  
Tell me what you see  
Are we just being everyone?

Where am I?  
Tell me, would you go?  
I should stay  
Where am I, where am I?  
And where should I go tonight?  
Every night a different thing,  
Every time you're in a different dream  
Am I me there, what am I?  
Who will I be

Now!  
Look at me,  
Tell me what you see  
Are we just being everyone?  
Look at me,  
Tell me what you see  
Are we being everyone?

I cry, I fall  
I love, I hate  
I know many, though no face ever stays  
I breathe, I fly  
I kill, I die  
Though there's nothing that I know  
No-one can recall where I have been or who I was

Look at me,  
Tell me what you see  
Are we being everyone?

Look at me,  
Tell me what you see  
Are we just being everyone?  
Look at me,  
Tell me what you see  
Are we being everyone?
