

After Crying "Madrigal Love Part Two"

Nights fly away
Just for moment get me up
Easy girls turn to grey
In their heaven's there's no God
Walking down empty road
Don't remember who you are
Oh, an ordinary queen
Just have to find the way to home
Let me lose the dream
Just have to find my steps alone
To go home
Fly home!
Night's jelly-fish
Turns her starless face away
Through the deadblack polish
Appears the blood of bornin' day
So I may see the land
Embark today on silver shell
I take no stock in dreams
Two purple eagles draw the boat
Over every sea
An' all my members want to love
All I want
I want
Lead me into love
Cool fire
Lead me over God
Love-spire
Walking over me
On highway
Over every sea
I'll learn to love
(Walking down empty road
Don't remember who you are)
Need neither nights
Nor the sirens' nighty-mesh
Nowhere place and no time
In the cities of the flesh
To hide away as the touch
Just behind a secret's back
You, ordinary queen
My island is your pure face

Carnal sirens scream
But all my members interlace
With you
This is true
Over every sea
By eagles
Walking on the sea
Like Peter
Ordinary queen
No siren
Ordinary queen
She spoke to me
