Moonchild Noontide  
They both at once woo the Midnight  
Kinglike Seaside  
Lucifer's emerald eyes glance  
Side by side in Fairyland's gold sand  
Infernal empire in good hand  
Ripe Peach of Love Beach  
Smiles aglow at the dead  
Cool souls Who'll lose  
Every lights for had gone to the bad  
Side by side in Fairyland's garden  
White and Black in much colours. See them!  
See them! Love them!  
You need  
All Fairylands of Men  
See them! Love them!  
You need  
All commandments of Ten  
Midnight at Noontide  
Slight ounce licks an ice-cream vendor  
Deep Blue Pinewood  
Like an old lonely bell peals a folk song  
Turquoise sword is sundering Our Sin  
Crimson Sun of Fairyland's shining...
