Nights fly away  
Just for moment get me up  
Easy girls turn to grey  
In their heaven's there's no God  
Walking down empty road  
Don't remember who you are  
Oh, an ordinary queen  
Just have to find the way to home  
Let me lose the dream  
Just have to find my steps alone  
To go home  
Fly home!  
Night's jelly-fish  
Turns her starless face away  
Through the deadblack polish  
Appears the blood of bornin' day  
So I may see the land  
Embark today on silver shell  
I take no stock in dreams  
Two purple eagles draw the boat  
Over every sea  
An' all my members want to love  
All I want  
I want  
Lead me into love  
Cool fire  
Lead me over God  
Love-spire  
Walking over me  
On highway  
Over every sea  
I'll learn to love  
(Walking down empty road  
Don't remember who you are)  
Need neither nights  
Nor the sirens' nighty-mesh  
Nowhere place and no time  
In the cities of the flesh  
To hide away as the touch  
Just behind a secret's back  
You, ordinary queen  
My island is your pure face

Carnal sirens scream  
But all my members interlace  
With you  
This is true  
Over every sea  
By eagles  
Walking on the sea  
Like Peter  
Ordinary queen  
No siren  
Ordinary queen  
She spoke to me
