Deep in these eyes where I'll drown
As a willing victim
Lost in those eyes, time passes by as I am drifting off!

It took my mind
It's guide I'll follow
Surrendered to it's will
I took it all
Embraced the beauty
It's sweet enclosure

Deep in it's desire
It's cupidity, it's thirst
To master the cureless
Lost in it's way to devour all it can while I am giving in!

It took my mind
It's guide I'll follow
Surrendered to it's will
I took it all
Embraced the beauty
It's sweet enclosure

Timeless, ancient, deep inside us as we
Are empty without it, lost
It's sweet enclosure

Deep in it's might
In it's energy I'll dwell
A moving sensation
Lost in it's arms
Timeless I will roam while I am breaking loose!

It took my mind
It's guide I'll follow
Surrendered to it's will
I took it all
Embraced the beauty
It's sweet enclosure
