Turn me up
Ok girl, I just wanna be your friend... with benefits baby
I should be your boyfriend
Lookin for no girlfriend
We can just chill
Get little intimate
Call me your friend with benefits

I'm thinking bout you
Damn I really want it tonight
She used about 3 in the morning
And I'm tryin' to hit that monkey a ride
See I don't give a damn what yo momma say
Hell what yo preacher say.
No we aint married, I'm just really tryin ta intimate
Hey yah, ahm... Maybe we could chill
A popcorn movie on dependin' how you feelin
Now a popcorn poopin'
Gonna treat yo poppa
A bal harbor shoppin
Baby girl, you got options
A card knows phone bills pay it rent
Mines a bullshit, baby don't a make sense
Call me-up baby we could do the do
The second to mah money is you
Tennis bracelets jack frost in the wind
Put the fairy to the devil get lost in the games like

I should be your boyfriend
But I aint Lookin foe no girlfriend
We can just chill
Get little intimate
Call me your friend with benefits
I should be your boyfriend
But I aint Lookin foe no girlfriend
We can just chill
Get little intimate
Call me your friend with benefits

I should be your boyfriend
Get az a new man
I don't wanna stay with yo

I just wanna be friends
Pull-up back ta school
And put you in mah new benz
Roll to the mall and get yo self some new tims
Ye you boy do it big
Ye I got a couple cribs
Couple of groupies and a hoe
Bunch of diamonds on my wrist
And I know your intentions are to stay with me
You are mah lady, something like mah baby
I see your friends' partie
Lookin, lookin, lookin crazy
The life I live is shady
Different women on the daily
That's why you'd be mah choice
On mah pride and joy
We could be only friends' aint nothing more
You could hold on mah whips when I'm out on tour
If I'm lookin foe a magazine you are mah source
Turned down our relationship but not by force
That's why you'd be mah friend
Shht, mah friend with benefits

I should be your boyfriend
But I aint Lookin foe no girlfriend
We can just chill
Get little intimate
Call me your friend with benefits
I should be your boyfriend
But I aint Lookin foe no girlfriend
We can just chill
Get little intimate
Call me your friend with benefits

He's a loosah, here we know how ta treat you right
It's time foe you ta come-up and gave time to see the
light
Hey, and if yo lonely you could spend the night
And satisfy the first time
Baby, we could do it twice

I should be your boyfriend
But I aint Lookin foe no girlfriend
We can just chill
Get little intimate
Call me your friend with benefits
I should be your boyfriend
But I aint Lookin foe no girlfriend
We can just chill
Get little intimate
Call me your friend with benefits (repeat 'till fade)
