"Beautiful Feeling"

Sometimes I can see for miles
Through water and fire
From England to America
I feel life meet my eyes

And it's the best thing
A beautiful feeling

A smile from San Diego
He is still a boy
Two ends to every rainbow
And a train from Mexico

But he's the best thing
A beautiful feeling

And when I watch you move
And I can't think straight
And I am silenced
And I can't think straight

It's the best thing Such a beautiful feeling
