This one's mean, call it a nightmare  
So not a dream, crowd goes mad  
Woodie go scream, when they see me bangering  
sream  
This one's money, letting off steam  
P-Money's bad, missing out strings  
You wanna know how you know that it's me  
How'd you mean?  
I'm on a high, y'all just lean  
I put on a show, they never seen  
Slang like this, took all with the scene  
Sing, cool, sing, blood,  
I sound like money, it's in my genes  
It's on my card, it's in my jeans  
How can I floss when the boss it's me  
You're... an ex woman like Gene

[Chorus] x 2

The most respected man...  
I make the vibe much better  
Bounce it left, bounce it right  
Cause I'm the dubstepper  
Real girl collector,  
Real trainsetter  
We party so hard  
The next day no one can remember

Hit this on the floor  
I want you screaming out for more

Beat, this one sick, call it a mad man  
So not a chick  
Crowd goes mad, yours goes skicks  
It's the... these ain't the bricks  
The... mine goes bad, yours one clicks  
It's the... rate, live on the airwaves  
Return of the blitz, you should have call this one strip  
Better kick his dumb, bass is thick, levels are high  
Yours are lit, mine gets print, yours get mixed  
You call on me to do shit, do it yourself  
Get down to it, I'm really here,

Forget all the wigs, cause I'm D, and I'm the

[Chorus] x 2

The most respected man...  
I make the vibe much better  
Bounce it left, bounce it right  
Cause I'm the dubstepper  
Real girl collector,  
Real trainsetter  
We party so hard  
The next day no one can remember

Hit this on the floor  
I want you screaming out for more

Ra-ta-ta-ta-ta-ta-ta  
You are locked into the sounds of P Money  
Nothing but bass in your system  
This is the takeover, are you ready?  
Step aside, step aside cause you're...  
Bounce it left, bounce it right  
Cause I'm the dubstepper  
This is a P Money world that we're living in  
We party so hard  
The next day no one can remember  
Give it up, give it up, you can never win  
Bounce it left, bounce it right  
Cause I'm the dubstepper  
This is a P Money world that we're living in  
We party so hard  
The next day no one can remember.
