[Chorus]

She gives me everything I want, want, everything I
need

We could take it to the top, top, jump into my seat
We can ride off into the night
We can ride if she's by my side

Girl, two words, you'll find you and me here tonight
Totally satisfied we got no another plans, but to
Ride in the night like the dark knight I am, I'll intrigue
you

Demonstrate every process to succeed with you
And if you want, I can show you my town
We can go everywhere I know, hang out or hit the floor
'Cause there's one thing for sure, I'm feeling you want
more
Of what I have, I'mma offer you my all

[Chorus]

She gives me everything I want, want, everything I
need

We could take it to the top, top, jump into my seat
We can ride off into the night
We can ride if she's by my side

Everything I want, want, everything I need
We could take it to the top, top, jump into my seat
We can ride off into the night
We can ride if she's by my side

I been doing my best to make you happy
So why do I feel the game has changed up on me
It ain't no fun doing this all on my lonely
I ain't the one that you wanna play around with
'Cause every guy can see that you ain't here with me
You make it obvious your life's a fantasy
You had it real with me, why couldn't you just see
Girl, watch me leave, truth is you can't handle me

[Chorus]

She gives me everything I want, want, everything I
need

We could take it to the top, top, jump into my seat
We can ride off into the night
We can ride if she's by my side
Everything I want, want, everything I need
We could take it to the top, top, jump into my seat
We can ride off into the night
We can ride if she's by my side
