And I hope you feel my pain
hope you don't forget my name
for the clothes I claim
the reason I came tell me was it all in vain
I walk ball and chain
through the midnight rain I sang

ooohoooh
and the man would say:
stop the music playing loud and clear
coz I don't wanna hear
oh lord led them on I hear
but it's loud and clear
and it's deep inside my soul

hard damn nations feel (?)
yeah!
Raise those hands say my name and let 'em pray! (x 4)

and I refuse to lose, no
I never been the type to quit
you probably give up now
and just turn back around
thats one of many differences
because
I don't care what the distance is
I told you I'd take it all the way
I couldnt just walk away
and just pretend like I don't have more to say.

stop the music playing loud and clear
coz they don't wanna hear
oh lord led them on I hear
but it's loud and clear
and it's deep inside my soul
they can't hold me down no more
they got to let me go
yeah!
Raise those hands, say my name and let 'em pray! (x
4)

coz I know what I gotta do

I couldn't stop now even if I wanted to
they told me, give it up it's impossible
never bury my head in the sand like the ostriches do
and I'm young and I still got alot to prove
I can't stop, won't stop, unstoppable
elevator broken down more obstacles
until I heard another voice from aside the room
tellin' me to :

stop the music playing loud and clear
coz they don't wanna hear
oh lord led them on I hear
but it's loud and clear
and it's deep inside my soul
they can't hold me down no more
they got to let me go
hard damn nations feel (?)
yeah!
Raise those hands say my name and let 'em pray! (x 8)
