Oh no, I need you when I wake up
Where were you last night

Last night, when we were hanging around
When my homie is around cos that is how we do
No one could even tell me what was really going on
And then I knew

And I realize there was nobody sleeping at the other

Your side, my side, the both side
Even though we just philosophy and
We meant to be and no one could ever be yeah

Early morning, when I went to your home

And your mama said to me
I got you, but you finish
She gave me 24 hrs to look for you
But I did and but there is no way to find you
And you drove me crazy
And I kept going on and on to the breaking of dawn
You see these feelings that I got for you
Is going down [going down]
