I've seen a lot of things in my life
A lot of ups and downs
Made a lot of mistakes
No matter what, you've always been by my side
You've always been my best friend

You're the love of my life
You're everything to me
You never left my side
You're my best friend
I love you so much
Yes, you are
You're my best friend

Since the beginning of time
All you did was bless men
Too young to understand but now you my best friend
How could they doubt you, never think about you
Don't they know nothing's possible without you

Faith without fear that's how they raised me
Words of man kill but never phase me
Grateful for wisdom that you gave me
But still I'm like, dear God I wonder, could you save me?

Too much sinning, gotta be more than plush living
Gotta be more than grabbing nines to buck tin in
Gotta be more than just to lust women
Gotta be more than platinum Rolexes, 600's and crushed linen

Praise your name, I know some of them hate their due
Judgment day, don't they know they can't escape your crew
I'm just trying to live right and pray you take me through
And with this song I dedicate to you, my Lord

Lord, you mean the world to me
Before I was born you chose me
You always hear me when I'm calling

Even catch me when I'm falling

You're the closest one to me
I surrender all to thee
I want the whole wide world to see
That we've always been and we'll always be
Best friends

Sometimes I reminisce and wonder how I made it this
far
Because of you, I'm me, so you the real star
Your hindsight, the time's right to get my mind tight
Then give it to you and let it shine bright

My best friend, only know how to teach the truth
Plant the seeds of life and let them eat the fruit
Can't you see that He spread love for you
Shed blood for you, cry for and die for you

Willies with mac millies know how you get down
We know the drama you bring whenever you hit town
Just remember when you pray, God is love
Gracious, merciful, forgive even the hardest thugs

Life as we know it, it all begins with Him
Life as we know it, it all ends with Him
If I was you I would never try to pretend with Him
He might spaz and blow it, I'm best friends with him

Lord, you mean the world to me
Before I was born you chose me
You always hear me when I'm calling
Even catch me when I'm falling

You're the closest one to me
I surrender all to thee
I want the whole wide world to see
That we've always been and we'll always be
Best friends

Been two and a half years since my man Big passed
Been two and a half years since my world crashed
I needed help, God gave me the power
Gave me the strength to go face to face with my
darkest hour

Looked me in the eyes and ask, "What you doing
unhappy?"
"Don't you know why I'm here?" and started shooting at
me
Back to the wall, is my faith gonna play out

Never wavered once, gave me no way out

Your time to die, don't even stress the date
You're coming with me, your soul I'm next to take
I told him, "I'm too much blessed with faith"
"And living for Christ" and then he said, "Manifest the great"

All of a sudden, what I'm remembering
Ground started to shake, everything trembling
The power of the truth was shooting through my
Timberlands
Here was my Lord Jesus Christ, my best friend again,
come on

Lord, you mean the world to me
Before I was born you chose me
You always hear me when I'm calling
Even catch me when I'm falling

You're the closest one to me
I surrender all to thee
I want the whole wide world to see
That we've always been and we'll always be
Best friends

Lord, you mean the world to me
Before I was born you chose me
You always hear me when I'm calling
Even catch me when I'm falling

You're the closest one to me
I surrender all to thee
I want the whole wide world to see
That we've always been and we'll always be
Best friends

Lord, you mean the world to me
Before I was born you chose me
You always hear me when I'm calling
Even catch me when I'm falling

You're the closest one to me
I surrender all to thee
I want the whole wide world to see
That we've always been and we'll always be
Best friends

I love you Jesus
Thank you, forgive me for my trespasses
As I forgive those who trespass against me

Thank you
